Customer Survey 2026 - Summary Report

We surveyed 1,240 customers between June and August.
Finding 1: Delivery speed is the top complaint; 41% rated it poor.
Finding 2: Satisfaction with the mobile app rose to 78%, up from 64% last year.
Finding 3: Customers who used live chat were twice as likely to buy again.

Methodology: online questionnaire, 22 questions, weighted by region.
Appendix tables follow on later pages in the full version.
